

## SOLAR CONFERENCE FOR TURKEY

<b>PLACE</b>	<b>: ICM – International Congress Center Munich – Room 4</b>
<b>DATE</b>	<b>: 4 June 2014, Wednesday</b>
<b>TIME</b>	<b>: 09.30 – 19.00</b>
<b>LANGUAGE</b>	<b>: English</b>

### **INTRODUCTION:**

At the present time, the factors that determine the development level of nations are not only the amount of energy consumed, but also the amount of energy supplied through national sources and the energy supplied via renewables.

The ratio of renewable energy is app. 28% in total energy consumption which will drop to around 2,5%, if the hydroelectric resources are removed. The Strategic Plan published by the Ministry of Energy and Natural Resources targets to increase this ratio to 30% by 2023. Although there is not a specific target for solar thermal yet, the amount of installed capacity for PV is foreseen as 3000 MW.

In order to gain the recognition of Turkish Industry in global markets, to explain the legislation in Turkey to investors and to discuss the market conditions with shining opportunities, this special event designed by GUNDER in cooperation with public institutions and their members, aimed to create an information exchange platform.

The following topics will be discussed in the form of solutions and expertise:

- Turkey's legislation and the public's perspective on solar energy
- The projects carried out by the public sector and its potential contributions to the market
- Solar thermal industry in Turkey, market and opportunities
- Photovoltaics industry in Turkey, market and opportunities
- Evaluating Turkey through investor's perspective

The summit will be attended by public bodies, investors, technology companies, manufacturers, financial institutions and other relevant organizations and institutions. The panel sessions and networking breaks will provide a platform to exchange experiences between the speakers and participants. GUNDER, the voice of solar energy by representing the entire value chain in Turkey, will be pleased to invite you to attend "Solar Conference for Turkey" to contact the solar representatives, to develop communication, to establish better understanding for cooperations and last but not least to develop fruitful business connections in Solar Thermal and Solar Electricity.

**AGENDA:**

<b>09.30- 10.00</b>	<b>WELCOME &amp; REGISTRATION</b>
<b>10.00- 11.00</b>	<b><u>OPENING SPEECHES</u></b> GÜNDER (ISES-TR) - Dr. Kemal Gani BAYRAKTAR, President ISES – Ms. Jennifer MCINTOSH, Head of Secretariat IEA-PVPS – Mr. Gaëtan MASSON, Task1 Operating Agent EPIA – Mr. Oliver SCHAFER, President ESTIF – Mr. Robin WELLING, President AIR CONDITIONING COUNCIL – HVAC-R EXPORTERS - Mr. Zeki POYRAZ, President TURKISH EMBASSY –Mr. Hidayet Kadir ERIS, Consulate
<b>11.00- 12.30</b>	<b><u>PUBLIC CONTRIBUTION IN SOLAR ENERGY</u></b> YEGM, “Solar Legislations” - Mr.Mustafa CALISKAN TEDAS, “Market Development of PV” - Mr.Bilal SIMSEK GAP, “Regional Development and Renewables” - Dr. Muhyettin SİRER ORKOY, “Solar Projects” - Mr. Musa KAYA MINISTRY OF AGRICULTURE, “Project IPRAD 2” - Mr. Gokhan BUYRUK
<b>12.30- 13.30</b>	<b>NETWORKING BREAK – LUNCH</b>
<b>13.30- 15.00</b>	<b><u>SOLAR OPPORTUNITIES THROUGH INDUSTRY PERSPECTIVE</u></b> ALFA SOLAR - Mr. Cenk YILDIRIM SOLARTURK – Mr. Ahmet BELER SOLIMPEKS - Mr. Hüseyin GOKALP SUZER GROUP - Mr. Serhan SUZER EZINC - Mr. Kutay ULKE
<b>15.00-15.30</b>	<b>NETWORKING BREAK – COFFEE</b>
<b>15.30-17.00</b>	<b><u>“SOLAR” TURKEY THROUGH INVESTOR’S PERSPECTIVE</u></b> DANFOSS - Mr. Bruno Bach JANSEN ABB – Mr.Haluk OZGUN FIRST SOLAR –Mr. Evren EVCIT ENERPARC – Mr. Ertug BABATAS IBC –Mr. Hayri BALI HANWHA Q CELLS - Mr. José Joaquín Muñoz OSUNA
<b>17.00-18.30</b>	<b>NETWORKING – RECEPTION</b>

YEGM – General Directorate of Renewable Energy

TOBB – The Union of Chambers and Commodity Exchanges of Turkey

TEDAS - Turkish Electricity Distribution Company

GAP – Southeastern Anatolian Project

ORKOY – General Directorate of Forest and Village Affairs
