

## BIPV Workshop 23. November 2021

### “BIPV beyond Task 15”

Hosted by IEA PVPS Task 15

In two workshop sessions, we want to widen the view beyond the core Task 15 community. As an enabling framework for the development of BIPV requires many different stakeholders covering a large variety of topics, we want to connect with other organizations and initiatives in the field. We are aiming at extending the network, identifying common ground and possible fields of cooperation. The second session deals with perspectives focusing on non-technical aspects of BIPV adoption presenting also what is going on in Switzerland through the contribution of different stakeholders.

#### 13:00      **Welcome and Opening, Task 15 brief overview**

- *Johannes Eisenlohr and Francesco Frontini* -

---

#### 13:15 – 14:30      **Focus topic 1 – Beyond IEA PVPS Task 15**

##### **Overview of activities, possible synergies, how can we collaborate, etc.**

- EU policy opportunities for BIPV in the Fit for 55 Package, Next Generation EU, and the New European Bauhaus  
*Miguel Herrero, Solar Power Europe*
- IEA-PVPS Task 12: PV Sustainability Activities  
*Rolf Frischknecht, Treeze*
- BIPV as an opportunity of the EU Manufacturer and the EU energy transition (*title to be confirmed*)  
*Patrick Noser Hofer (CEO 3S Solar Plus, Switzerland)*
- IEA-PVPS Task 13: Performance, Operation and Reliability of Photovoltaic Systems  
*Gabi Friesen, SUPSI*
- IEA-SHC Task 66: Solar Energy Buildings, Integrated solar energy supply concepts for climate-neutral buildings and communities for the "City of the Future"  
*Harald Drück, UNI Stuttgart*

**Q&A session (15 min discussion), Coffee Break (15 min)**

---

**15:00 – 16:30**      **Focus topic II – Perspectives from politics, financing and building owners**

- Research for BIPV in Switzerland. A collaboration model between applied research and industry  
*Pierluigi Bonomo, SUPSI*
- Connecting the architectural and solar Industry  
*Christopher Klinga & Stan Pipkin, Architectural Solar Association (ASA)*
- Investment in PV yield and/or aesthetics?  
*Karl Viriden. Viriden & Partner and Executive Director of Ecorenova AG*

**Q&A session and Closing (15+15 min discussion)**
